Presidents Report Mark Kleimeyer

Queensland Chemists Golf Club commenced our new jam-packed golfing year at Gables Golf Club and once again we had some rain to welcome us. Last year we had to wait about 30 minutes for the rain to subside enough so we could get out and play the course but this year was a little kinder because we all hit off on time and the showers kept us cool throughout the day. We were treated very well by the Gables Golf committee as they gave us the whole course for the afternoon. Their general manager Andy, looked after us very well again and the staff were attentive and the food excellent once again. We all found the golf course challenging enough but there were some terrific two ball ambrose scores recorded.

Sigma was the day's sponsor and spoiled all of us with a new Sigma golf towel. Sigma have been long term sponsors of Chemists Golf and I thank them for their continuing support. Tony Zuppini spoke about the success of Sigma in the

marketplace and on behalf of his company offered continued support to Q.C.G.C.

Pharmacy Solutions were of course our challenge hole sponsors for the day and we thank Peter Marshall and Bob Rose for their involvement with our club. Bob Rose is receiving treatment for a serious health condition but Peter told me that Bob had recently been on a cruise despite his treatment protocols. Bob is a very positive gentleman and that is wonderful.

The 75th Australian Chemists Golf Association carnival is being held in Tasmania from the 3rd to the 9th of March 2024 and Queensland have 31 attendees this year. We have eight "first trippers" and the majority of our new contingent are ladies, and I am sure like all first trippers they will enjoy the carnival. Carnival attendees generally get hooked after their first carnival and many Chemist Golfers are now up to 20 plus carnivals.

Next year 2025 sees Queensland host the A.C.G.A. carnival as it will be our turn, and planning is very advanced for us to hold the carnival on the Gold Coast from the 23rd to the 29th of March.

Our next game after the Tassie carnival is Monday the 18th of March at Sanctuary Cove The Palms.

Queensland Chemists Golf Club needs some succession planning to maintain our momentum into the future. We normally hold our Annual General Meeting sometime in May, where the executive of President, Captain, Secretary, and Treasurer are voted into office along with the rest of the committee. The current executive would all like to remain in place until our carnival in 2025.

There will be the opportunity at our A.G.M. in 2024 for a couple of new members to be voted onto the committee, in preparation for some retirements in 2025. The President will be retiring and will need to be replaced.

At the conclusion of the evening at Gales, Matt Doherty announced the daily winners and Tony Zuppini presented the prizes. Andrew Lathouras volunteered to take photos of the winners and I thank him for his wonderful efforts.
